Dresses, Dresses, who's got the Dresses??

Have you ever tried to find affordable and modest bridesmaid dresses? It's been difficult, but I have been planning a wedding on a budget and found some great resources for modest and affordable bridesmaid dresses.

Resource 1

Neer See's Dresses Boutique

Tired of shopping around on different websites to only find a few "modest" dresses? Neer See's Dresses Boutique comes to the rescue! These dresses aren't "old fashioned" either. They are on trend and come in a variety of colors and sizes. They also have great options for modest Prom dresses, as well as church dresses. I have ordered from them and they offer exchanges or in-store credit, at the time I ordered. (Be sure to check current policies before ordering.) They often run sales as well, so look for those "popups" on their website that will have a code on it, if they are running a sale.

Resource 2

Called to Surf.com

Called to Surf.com is another great resource for finding modest bridesmaid's dresses. It's a great place for modest church dresses as well. They also have expanded their inventory to include a lot of other products including shoes and sandals! I have ordered from them and their products came fast and we loved them! I found their prices to be quite competitive. At the time I ordered they offered refunds or exchanges, but be sure to check their policies to see what they are currently.

Resource 3

Latter Day Bride.com

This last resource has an amazing variety and number of dresses to choose from. They also have lots of beautiful modest wedding dresses. They pretty much can take care of you from the bride, the bridesmaid's, mother of the bride or if you are going to a formal dance like prom and need a special occasion dress. I love the selection and ease of their website.

Resource 4

Lizzy Meyer, Raw Food Coach

Feeling overwhelmed by the prospect of feeding a raw diet? Lizzy Meyer can help you determine your animals' specific needs, learn about ethical sourcing in your area, and a whole lot more. I had the good fortune to hire Lizzy to help in my practice. She's the perfect combination of vet tech and holistic mind.

Resource 5

iSpring Reverse Osmosis Water Filter

Just as you want clean, wholesome food to build strong bodies, you also want drinking water that's free of the common nasties: chlorine, fluoride, and chemical residues. When I don't have fresh rainwater, I use reverse osmosis (RO) water made with this under-the-sink RO water filter. It's far cheaper (and more sustainable) than buying bottled RO water.
